Dear Name of Donor Goes Here,

My sincere thank you for the scholarship of \$(Amount of scholarship here) for the 2021-2022 academic year. It is a great honor to receive this scholarship for the second year in a row. Your generosity enables me to take out fewer loans to finance my education. I will also be able to better focus on my studies because thanks to your help I will not have to work as many hours to cover my tuition, books and fees.

I am just beginning my final semester in the nursing program. I am also performing my senior rotation on the telemetry/ cardiac unit at the local hospital and am enjoying it immensely. I continue to work at the research institute organizing the archive while in school. Throughout my time at CMU I have discovered this is truly my passion and I cannot wait to get into the real world and start my career as a pediatric nurse. After graduation I plan to move to Denver to work at Children's Hospital. I eagerly await this next chapter of my life.

Once again, thank you for your generosity and support in making my dreams come true. I could not finish my degree without your help. I promise to work as hard as I possibly can to make

sure that your contribution will not be wasted. I plan to graduate, and not waste the opportunity that you and your generosity has provided. I hope one day I may be as generous with somebody else, as you have been with me.

Sincerely,

Your Name Here.
